FOR IMMEDIATE RELEASE

Cookshack Announces Its Big Move

Ponca City, OK, Jan. 13, 2017–Cookshack, Inc., a leading manufacturer of commercial, competition and residential smoker ovens, is moving its office and manufacturing facility from North Ash to 2405 Sykes Boulevard in Ponca City, Okla., effective before February 1.

Worldwide increase in barbecue and smoked foods prompted the move. Cookshack, Inc. also recently started producing rotisserie smokers for Dickey’s Barbecue Pit which has increased the need for storage and upgraded shipping and receiving docks.

Cookshack will gain about 40 percent more square footage by moving to Sykes Boulevard, and it plans to keep the building on North Ash for extra storage to maximize the additional space. Not only is the new building larger but also provides updated shipping docks, receiving area, more parking spaces and an open office layout.

Cookshack, Inc. has been family owned and operated for more than 50 years. Cookshack provides high-end smokers, grills and charbroilers with exceptional satisfaction to its customers. With more than 15 unit options, Cookshack products provide versatility and consistency to every customer while still being easy to use and operate.

For more information on Cookshack products, contact Stuart Powell at 1-800-423-0698 or visit www.cookshack.com.
